

DESIGN FOR HOSPITALITY
WITH GEBERIT AND DURAVIT

TWICE AS NICE

DESIGN
MEETS
FUNCTION

■ **GEBERIT**

BEHIND IT ALL!

With millions of installations throughout the world, the message is clear: the Geberit Duofix Carrier gives designers unique flexibility while improving hygiene and comfort for users.

For over 50 years, Geberit has designed and manufactured concealed mounting frames for wall-hung toilets and sinks. The sophisticated Geberit System makes installation quick and easy and maintenance practically nonexistent.

DURAVIT

BRAND DURAVIT

Founded in 1817 in the heart of Germany's Black Forest, Duravit is a leading manufacturer of designer bathrooms. Today, the company remains committed to forward-thinking, environmentally conscious products that bring the bathroom to life. Together with renowned designers like Philippe Starck, Cecillie Manz and EOOS, Duravit fuses design and function through craftsmanship and technology to create top-quality, timeless bathroom products. Duravit has remained a prime purveyor of wall-hung toilets for decades, providing state-of-the-art performance and solutions across a vast variety of series, configurations and price points.

LOOK TWICE

EASY ACCESS

All internal components, including supply stop and fill and flush valves are accessible through decorative actuator flush panels.

ENGINEERED PERFORMANCE

Anti-siphon fill valve delivers short refill times with minimal noise. Water-saving dual flush is built in. Materials meet chemical resistance standards.

CONCEALED TANK TECHNOLOGY

HDPE one-piece, integrated gravity flush, insulated tank individually leak-tested for reliability and reinforced to prevent collapse. No "sweating" inside the wall.

DURAVIT ME BY STARCK BOWL

Create a modern yet timeless bathroom using the ME by Starck, exclusively from Duravit.

INTEGRATED, STRONG SUPPORT FRAME

16-gauge, powder-coated, structural-steel tubing rated to 880 lbs. (400 kg) without damage to finished wall or carrier unit. Bowl rim height adjustments from 15" (381 mm) to 19" (483 mm) for flexibility.

HOW NICE

It's easy as 1-2-3 to specify an in-wall toilet system with wall-hung toilet for your hospitality or mixed-use installation.

Step 1: Specify your in-wall system.

Step 2: Choose a bowl and seat with lid.

Step 3: Choose a flush actuator. Below are some great options to get you started!

Model No.	Description
111.335.00.5	Geberit Duofix Carrier frame with Sigma Concealed Tank

DURAVIT ME BY STARCK BOWL
22-1/2" (L) 14-3/8" (W) 15-3/4" (H)

ME BY STARCK SEAT AND COVER

* Metal
VR = Vandal Resistant

EASY INSTALLATION

Open the wall and floor. Route the drain and supply and prepare the wall studs. Taking the toilet off the floor changes everything!

Install the tank and carrier, which is designed for installation using a minimum of standard tools and attaches easily to wall framing studs at just four points

Install the wallboard and wall finishes. The Geberit system is integrated and allows unique design, with mounting plans for all types of applications, including pre-wall, room-height, and free-standing wall installations.

Mount the flush plate and wall-hung toilet. The stylish flush plate offers easy access to all internal components.

Geberit North America is part of the Geberit Group, a European market leader and global provider of sanitary technology. Located in Des Plaines, Illinois, Geberit North America provides concealed tank and carrier systems for wall-hung and floor-mounted toilets and fixtures. Geberit systems improve the look of any bathroom by hiding the unsightly toilet tank. Replacing a standard tank and toilet with the Geberit system results in more usable space, improved hygiene and better accessibility. The unique dual-flush valve saves water and is practically maintenance free. Geberit also offers cable-controlled bath waste and overflows in a variety of designer finishes. Critical working parts are outside the waterway, ensuring years of trouble-free operation.
