GEBERIT OFFERS HANDS-FREE SIGMA10 FLUSH PLATE FOR ADA COMPLIANT APPLICATIONS

Des Plaines, IL: Geberit is pleased to offer a hands-free electronic version of their Sigma10 flush plate. Available with battery power or an AC transformer, the Sigma10 activates via touch-free infrared sensing, making it a perfect option for designing an ADA compliant restroom.

The hands-free Sigma10 is compatible with Geberit Sigma in-wall toilet systems. A manual override button with stop-and-go flush is built in. An easy-to-clean, brushed stainless steel finish complements a wide range of restroom designs in private and public locations.

“One of the most requested improvements in restrooms is the addition of hands-free options for flushing and hand washing,” says John Fitzgerald, vice president marketing for Geberit. “The electronic Sigma10 flush plate makes it easy to add hands-free flushing to any bathroom. At Geberit, we’re always looking for ways to help designers satisfy their clients’ desire for improved hygiene and convenience.”

Geberit flush plates comply with the Americans with Disabilities Act (ADA) when installed per the requirements of the latest ADA Standards for Accessible Design.

Geberit North America is part of the Geberit Group, a European market leader and global provider of sanitary technology. Located in Des Plaines, Illinois, Geberit North America provides concealed tank and carrier systems for wall-hung and floor-mounted toilets and fixtures. Geberit systems improve the look of any bathroom by hiding the unsightly toilet tank. Replacing a standard tank and toilet with the Geberit system results in more usable space, improved hygiene and better accessibility. The unique dual-flush valve saves water and is practically maintenance free. Monolith is Geberit’s newest product – a unique alternative to the traditional floor-mounted toilet and tank. Geberit also offers cable-controlled bath waste and overflows in a variety of designer finishes. Critical working parts are outside the waterway, ensuring years of trouble-free operation. As European market leader, the Geberit Group is a global provider in the area of plumbing technology with sales of CHF 2.6 billion and more than 12,000 employees in over 40 countries worldwide.

For additional information, contact Geberit North America at 2100 South Clearwater Drive, Des Plaines, Illinois 60018, or call 800-566-2100. You can also visit Geberit North America at geberit.us.
